The motiv Difference:

- Unique, stylish, and smart design - no visible mounting hardware
- Easy glide, one piece shower rod
- Shower rings available in all matching finishes
- Expanded shower space - 6.25" of additional elbow room
- Durable rod will not droop over time - holds up to 120 lbs
- Water seal rod design; curtain stays in place, for water free floors and bathroom safety
- Available in 5' and 6' lengths; can be trimmed up to 2" at each end
- Available in polished chrome, satin nickel and oil rubbed bronze
- Stylish shower rod brackets create contemporary, traditional or transitional look

A curved shower rod that provides users with the feel of a larger shower/tub when budget or space constraints won't allow for one. The rod adds an extra 6 1/4" of elbow room in the shower/tub. The curved shower rod is available in 2 sizes, 5' & 6' and can easily be trimmed on site up to 4" to adjust for different lengths between tub end walls.

Increase the space in your bathroom shower without doing any remodeling. motiv's new curved shower rod allows more freedom of movement and the added luxury of an enlarged shower experience. The elliptical design and three finish choices make it an elegant upgrade for any shower.
