Brasstech is owned by Masco Corporation, a global leader in the design, manufacture and distribution of branded building products for the hospitality and home improvement markets. In hotels, residential homes, public buildings, skyscrapers and commercial buildings of every size, Masco’s products are trusted to deliver innovation, quality design and reliable performance.

Located in Santa Ana, California, Brasstech is a leading manufacturer of luxury bath and kitchen faucets, accessories, and lighting marketed under the Newport Brass® and GINGER® brands. We are committed to delivering high-quality products that enhance the lives of consumers and exceed guest expectations. The complementary alliance of Newport Brass and GINGER offer what few in the industry do - no limitations.

**WORLD CLASS QUALITY**

Proven leaders in the hospitality sector, the Newport Brass and GINGER brands are specified in properties throughout the world and deliver proven reliability and peace of mind. Our manufacturing plant is ISO certified and our water delivery products are leak tested prior to shipment.

**PRICING**

Exclusive project pricing is available upon request. All prices shown on newportbrass.com and gingerco.com are list prices and do not reflect hospitality pricing. Please contact your Brasstech Sales Representative or email hospitality@brasstech.com for contract pricing information.
Unparalleled breadth and depth of offerings

Thoughtfully engineered for durability, convenience and aesthetic luxury

Amenities to serve the hospitality industry including grab bars, shower baskets, and hotel shelves

Found in some of the world’s most prestigious living spaces, GINGER has proven itself time and time again as the perfect blend of style and world class luxury. Sophistically iconic, each of our collections of lights, accessories, and mirrors are rich in detail and harmonious to the most imaginative hospitality applications.

GINGER is renowned as a leader in bath accessories, lighting and mirrors among design professionals. The unmistakable stamp of GINGER is sophisticated design, bold and elegant form, nuanced detailing and meticulous manufacturing.

For nearly 30 years, Newport Brass has provided designers, architects, and property owners exquisitely designed plumbing products for hospitality and residential applications. From the traditional sundries of the Old World to the Avant-garde provisions of modern day contemporary design, Newport Brass’s diverse offering of bath suites and decorative finishes provides the ideal palette for designers of all inspirations to create spaces of distinction.

A minimalist aesthetic finds expression in the KUBIC collection. These bathroom accessories obtain their styling at the intersection of cylindrical and squared.

The CINU design is inspired by the fluidity of motion found in the organic elements of nature. The design's sweeping crests provide a visual experience of flowing, understated gracefulness.

The pairing of elements, round and square, contrasting yet complementing, combining to create a modern alternative to the uniformity of minimalist contemporary design.

Complete product offering available at gingerco.com
Modern elegance in the form of undeviating lines, fashioning ideal profiles that blend perfectly into the modern living space, enhancing without overpowering.

The SINE Collection is architectural in conception and form. SINE brings industrial elegance into the bathroom with mixed media glass on metal, bold lines and geometric detail.

Sophisticated and serene, SURFACE embodies the best in modern design. The form is absolute - no stroke wasted, no detail is overworked.

Complete product offering available at gingerco.com
CHERISH

A classic re-imagined, CHELSEA coordinates seamlessly with a wide variety of traditional faucets. The tiered rosette is elegantly and meticulously rendered in solid forged brass.

COLUMNAR

With its perfect cylinders and enduring lines, COLUMNAR stands as a reflection of the majestic column - a beautifully utilitarian structure raised throughout history to support society's finest at the very core.
Called nature's perfect shape, the hexagon can be found in a myriad of architectures and interior designs. The hex gives this traditional look a modern industrial element, allowing the EAVON Collection to enhance many different themes across the style spectrum.

A reinterpretation of authentic English Victorian design, Subtle detailing and refined proportions make it particularly appealing.
